## ENROLLMENT FAQs

### **New Students FAQs:**

#### **1. When does the enrollment period start for new students?**

The enrollment period for new students typically begins as early as January and extends until August, before the first day of classes. Specific dates will be communicated through official announcements.

#### **2. What are the requirements for new student enrollment?**

New students need to submit a completed enrollment form, the original and photocopy of the birth certificate, recent ID photos, report card/transcript of records, and other documents specified in the enrollment checklist.

#### **3. Is there an entrance exam for new students?**

Yes, an entrance exam is part of the enrollment process for new students. Details about the exam schedule and content are provided upon submission of the enrollment form.

#### **4. Can I apply for scholarships as a new student?**

Yes, scholarship applications are open to new students. Information about eligibility criteria and application processes can be obtained from the admissions office.

### **Current Students FAQs:**

#### **1. Do current students need to re-enroll each year?**

Yes, all current students need to go through the re-enrollment process each academic year. This ensures a smooth transition into the next grade level.

#### **2. What documents are required for re-enrollment?**

Current students need to submit a completed re-enrollment form and any updated documents requested by the school.

### **3. Is there an orientation session for current students?**

While orientation sessions are primarily for new students, current students may have specific orientation activities at the beginning of each academic year.

#### **Returning Students FAQs:**

##### **1. How do returning students re-enroll after a break?**

Returning students after a break need to contact the admissions office for re-enrollment procedures. The process may include credit evaluation and placement tests.

##### **2. Are there any specific requirements for returning students?**

Returning students need to follow the re-enrollment requirements provided by the admissions office, which may include updated documents and assessments.

##### **3. Can returning students apply for scholarships**

Yes, scholarship opportunities are available for returning students. Check with the admissions office for details on eligibility and application procedures.
